Subject: Lipari LF RPM Update
Date: Monday, September 28, 2015 11:10:14 AM

As you know, Tanya Mitchell has been working with Betsy Donovan to become familiar with the site over the past few weeks. However, due to workload issues, Tanya will now be the RPM for Lipari, effective today. Although Tanya will be the RPM for the site, Betsy will continue to be the lead on the ESD, working with ORC to complete this document. All communication and correspondence on the project should be directed to Tanya; communication on the ESD should be directed to both Tanya and Betsy.

Thanks to Betsy for her efforts on this project over the years.

Please share this information with anyone else I may have missed. Any questions, please let me or Tanya know.

Thanks.

Michael Sivak
